| Description: | Maraschino Luxardo is a classic. The typical straw-plaited coated bottle is by now a true icon on the mass consumption scenario. It is one of the very few liqueurs in the world produced by distillation. It is obtained from the marasca, a sour cherry variety exclusively cultivated by Luxardo. The distillate is allowed to mature in Finnish ash vats (this wood does not lend its colour even after many years of maturing), and is then diluted and sugared. |

| Characteristics: | <ul style="list-style-type: none">• Colour: clear.• Perfume: typical of marasca distillate, with an excellent intense aroma, fine and well amalgamated, without any aggressive notes.• Taste: smooth but sharp, a sweet liqueur unusual for the punch of the distillate, which can be clearly perceived in spite of the moderate alcohol content. A rounded taste, and a surprisingly persistent aroma. |
